Having considered the entire record herein and being fully advised in the premises, the
Commission finds, concludes, and orders that:

FINDINGS OF FACT

On February 1, 2006, Arizona Water Company ("AWC") or "Applicant") filed with the
Arizona Corporation Commission ("Commission") an application for an extension of its Certificate
of Convenience and Necessity ("Certificate" or "CC&N") for its Casa Grande System in Pinal
County, Arizona.

2. On December 5, 2006, the Commission issued Decision No. 69163 approving the
application of AWC for an extension of its CC&N to include five separate parcels, referred to as
Parcels 1, 2, 3, 4, and 5. Decision No. 69163 ordered AWC to file the following compliance items:

- "...a copy of one Approval to Construct from the Arizona Department of
Environmental Quality for the extension facilities within two years of the effective
date of this Decision for each of the five parcels approved by this Decision..."
- "...a copy of one developer's Certificate of Assured Water Supply, where applicable
or when required by statute within two years of the effective date of this Decision for
each of the five parcels approved by this Decision..."

1 3. On October 8, 2008, AWC filed a Request for Additional Time for Compliance Filing
2 seeking an extension of time, until December 5, 2010, to file the required compliance items for
3 Parcels 2, 4, and 5 in the extension area approved in the Decision. AWC had previously filed all of
4 the compliance items for Parcels 1 and 3.¹

5 4. On January 20, 2009, in Decision No. 70689, the Commission granted AWC's request
6 for an extension of time to comply, until December 5, 2010, to file a copy of one Approval to
7 Construct ("ATC") and a copy of one developer's Certificate of Assured Water Supply ("CAWS")
8 for each of Parcels 2, 4, and 5.

9 5. On October 5, 2010, AWC docketed a second Request for Additional Time for
10 Compliance Filing ("Request"). AWC's Request seeks to extend the compliance deadline, until
11 December 5, 2012, to file a copy of one ATC and a copy of one developer's CAWS for each of
12 Parcels 2, 4, and 5. In support of its Request, AWC states that:

13 a. The Company has achieved substantial compliance with items set
14 forth in Decision No. 69163;

15 b. AWC is currently serving 592 customers in the extension area;

16 c. There is a continuing need for water service in the extension area;²

17 d. On September 21, 2010, an ATC for water facilities needed to
18 serve Parcel 5 was received;

19 e. The Department of Water Resources has approved a physical
20 availability demonstration ("PAD"), which AWC states is a precursor
21 to a CAWS, for AWC's Pinal Valley System, which includes Parcels 1-5;
22 and

23 f. The country's economic climate has significantly slowed down
24 development in the extension area and withdrawal of the CC&N could be

25 ¹ On February 3, 2006, AWC filed copies of main extension agreements and Certificates of Approval to Construct for
26 Parcel 1. On December 18, 2006, AWC filed the developer's Certificate of Assured Water Supply issued by the Arizona
27 Department of Water Resources for Parcel 1. Both the ATC and CAWS for Parcel 1 were filed in Docket No. W-
01445A-04-0773. Further, on February 12, 2007, AWC filed copies of a main extension agreement, an ATC, and CAWS
for Parcel 3, in this docket.

28 ² AWC submitted letters from developers for each of Parcels 2, 4, and 5, expressing a continuing desire for AWC to
provide water service to the extension area.

1 harmful to the development recovery.

2 6. On January 20, 2011, Staff filed a memorandum stating that Staff does not object to
3 AWC's request for an extension of time, until December 5, 2012, for the provision of obtaining an
4 ATC and a copy of one developer's CAWS for each of Parcels 2, 4, and 5 and as set forth in Decision
5 No. 69163. Staff also recommends that no further extensions be granted in this matter.

6 7. Although we do not believe it is necessary, at this time, to adopt Staff's
7 recommendation that no further requests for extensions of time to comply with Decision No. 69163
8 be granted, we will put AWC on notice that any future requests for extensions of time to comply must
9 demonstrate that extraordinary circumstances exist that warrant granting additional time.
